

Pictured above on the left is W. G. Matson, local administrator of the Mountrail Bethel Home, and W. E. Will on the right, chairman of the Community Hospital board of directors. They are receiving negotiable securities worth approximately \$100,000 each from Stanley banker, A. H. Nelson.

In making this large cash donation, Mr. Nelson said he wanted to see these funds used locally where they would be of the most benefit to the entire community.
